

Bramham Stand, Wetherby Racecourse

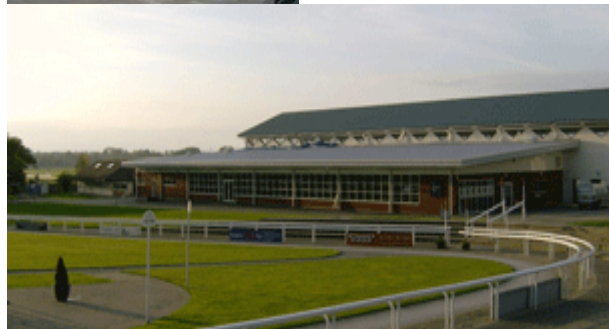

Client: Wetherby Racecourse

Project Value: £1,400,000

Services Value: £ 580,000

Location: Wetherby,
North Yorkshire

Completion: October 2007

Description of the Works:

The Project involved the design and installation of mechanical and electrical services to the new Bramham Stand at Wetherby Racecourse.

The building services were provided to both the public conference and banqueting areas, together with the back of house kitchen areas.

The existing incoming mains was upgraded to take account of the new stand and the new irrigation pumps for the course
