

## Bankside Primary School

Client: Leeds City Council  
Project Value: £ 9,100,000  
Services Value: £ 2,250,000  
Location: Leeds  
Main Contractor: Kier Northern  
Completion: June 2011

### Description of the Works:

The Project involved the part design and installation of mechanical and electrical services within a newly constructed Primary school on an existing site.

During the course of the project, Wheatleys were responsible for the introduction of sustainable energy solutions in the form of Ground Source Heat Pumps, Solar Thermal Water Heating and Photovoltaic Cells, which attracted substantial government funding.
