

The New Forum / Arts Centre - The University of Westminster

Client:	The University of Westminster
Project Value:	£ 40M
Services Value:	£ 2.2M
Location:	Harrow
Completion:	2013

Description of the Works:

The Project involved the design and installation of mechanical and electrical services to a new development linked into the heart of Westminster University. The University of Westminster is undertaking major redevelopment at the Harrow campus to create a world-class environment for students. It is creating fantastic, state-of-the-art facilities; new and improved social and learning spaces; an enhanced sense of community for students and staff; and a more sustainable site with reduced environmental impact.
