

Extra Care Home, Settle

Client: Housing 21

Services Value: £1,575,000

Location: Settle, North Yorkshire

Completion: September 2016

Description of the Works:

Work Completed on the construction of a new extra care in Settle. The £6.7 million development at Lower Greenfoot is a partnership scheme between Housing 21, North Yorkshire County Council, Craven District, Keepmoat and Wheatley. Full design of the Mechanical and Electrical installation was provided by Wheatley M&E Services Ltd, who are a partner with the Keepmoat and Housing 21, following successfully completing many other extra care schemes. Part of the Scheme includes CHP units (Combined Heating and Power) helping the environment in conjunction with energy saving controls integrated by Wheatley designers into the overall scheme design.
