

West Hunslet Primary School

Client:	Leeds City Council
Project Value:	£4,500,000
Services Value:	£1,250,000
Location:	Leeds
Completion:	October 2006

“ RICS Pro Yorkshire Award Winner – Project of the year 2007 “

Description of the Works:

The Project involved the design completion and installation of mechanical and electrical services within a newly constructed Primary school incorporating special needs facilities.

The project was negotiated with the Council through a two stage tendering procurement route. The building was naturally ventilated using roof mounted wind catchers
